

# **How can you obtain Knowledge Credits for your company's Partner Ready compliance?**

Knowledge Credits are available to Partner Delegates during HPE TSS

## **Knowledge Credits program overview**

Knowledge Credits form an integral part of the HPE Partner Ready program. They are a mechanism for recognizing partner employee investment in continuous learning courses and events that grow product and solutions knowledge.

Knowledge Credit eligible activities include TekTalks, NPI training, portfolio overview training, but also participation in major knowledge transfer events like HPE TSS.

## **How to collect Knowledge Credits during Technology and Solutions Summit 2019**

Attending HPE TSS allows you to collect Knowledge Credits for the different Partner Ready specializations your company holds. As a participant - holding an active HPE Learner ID - you can gain up to 100 Knowledge Credits towards your company's Hybrid IT & Services (HPE PointNext) and Networking (Aruba) Knowledge Credit targets.

**Conditions to earn Hybrid IT & Services (HPE PointNext) and/or Networking (Aruba) Knowledge Credits**

1. You must hold an active [HPE Learner ID](#) to earn Knowledge Credits, which can be obtained from the [My Learning Portal](#).
2. Your company must be flagged as a Candidate or be fully approved for the specialization the company wants to receive credits for.

KC categories	Company is minimum flagged as candidate for the following specializations
<b>Hybrid IT &amp; Services (HPE PointNext)</b>	Silver, Gold, Platinum Hybrid IT and Silver, Gold Services
<b>Networking (Aruba)</b>	Silver, Gold, Platinum Partner Ready for Networking

3. As a participant, your company will be awarded with 25 Knowledge Credits only if you attend a minimum of **3 sessions** from the sessions labelled within the session booking tool, as being KC eligible towards a particular KC category.

In case you extend your attendance and attend even more sessions from the same KC category, you can double the number of Knowledge Credits and obtain 50 Knowledge Credits per KC category.

KC categories	Sum of sessions duration index 0-2	Sum of sessions duration index 3-5	Sum of sessions duration index 6 or more
<b>Hybrid IT &amp; Services (HPE PointNext)</b>	0 KC points	25 KC points	50 KC points
<b>Networking (Aruba)</b>	0 KC points	25 KC points	50 KC points
